A Speech That Made a Hit.

Edward Hanlan, ex-champion oarsman of the world, related a good story of how he delivered a speech after winning his second race in England. His first victory had found him unprepared. He was ready for his second with a speech composed for him by a newspaper friend neatly copied out on paper and stored away for use in his coat pocket.

When the crowd outside the clubhouse insisted upon seeing and hearing the winner, he was helped out upon a window ledge by his friends and held there by the coattails and the legs. The crowd cheered him wildly. He was too confused to speak. They cheered him again. He threw out his hand in a gesture of helplessness and moved his lips in some inaudible mumble of apology for his inability to delivweather prophet, the fact is known to er a speech. They could not hear on account of the noise that they were themselves making, but they encouragthat even 24 hours before rain falls ed him with a generous applause. He these curidus animals prepare for it by | saw his escape and proceeded to shake his head and work his lips in a fine frenzy of oratory, gesticulating eloquently and smiling his thanks. The noisy and good natured crowd cheered him to the ecno, and his friends drew him in from his precarious position on the window ledge.

"You carried that crowd along in style," they congratulated him. "What did you say? We couldn't hear you." "Yes. Give us an idea of your speech," the reporters put in, drawing out their notebooks.

Hanlan took the manuscript from his pocket. "Here's the whole thing," he said. "Do you want it all?" "Well, rather," they answered. "That

Cool and Methodical.

A lawyer who worthily bears a distinguished name occupies an old fashioned mansion on the edge of New York. His sister, who lives with him, tells a laughable story, which is reported in Harper's Round Table, illustrating his coolness and love of method. Recently his sister tiptoed into his

room some time after midnight and told him she thought burglars were in the house. The lawyer put on his dressing gown and went down stairs. In the back hall he found a rough

looking man trying to open a door that led into the back yard. The burglar had unlocked the door and was pulling at it with all his might. The lawyer, seeing the robber's predicament, called

"It does not open that way, you idiot! It slides back!"

EASE AND DISEASE.

Familiar Word.

Disease is the opposite of ease. Webster defines disease as "lack of ease, uneasiness, trouble, vexation, disqulet." It is a condition due to some derange ment of the physical organism. A vast majority of the "dis-ease" from which people suffer is due to impure blood. Disease of this kind is cured by Hood's Sarsaparilla which purifies, enriches and vitalizes the blood. Hood's Sarsaparilla cures scrofula, salt rheum, pimples and all eruptions. It tones the stomach and creates a good appetite, and it gives vigor and vitality to the whole body. It reverses the condition of things, giving health, comfort and "ease" in place of

Special Arrangements Whereby a Free Copy Can Be Obtained by Every Reader of This Paper.

For weeks the presses have been busy turning out the enormous edition of Dr. J. Newton Hathaway's new book-'Manliness, Vigor, Health"—necessary to satisfy the public de-mand. Dr. Hathaway has reserved a limited number of these books. and these he has specially arranged to send free by mail to all readers of thi. paper who send names and full address to him. For 20 years Dr. Hathaway has confined his

practice almost exclusively to diseases of men and during that time he has restored more men to health, vigor, usefulness and happiness than any ten other doctors in the country combined. Dr. Hathaway treats and cures by a method entirely his own, discovered and perfected by himself and used exclusively by him. Loss of Vitality, Varicocele, Stricture, Blood Poisoning in its different stages, Rheumatism, Weak Back, all manner of urinary complaints, Ulcers, Sores and Skin Diseases, Brights Disease and all forms of Kidney Troubles. His treatment for undertoned men restores lost vitality and makes the patient a strong, well, vigorous man. Dr. Hathaway's success in the treatment of Varicocele and Stricture without the aid of knife or cautery is phenomenal. The patient is treat-

ed by this method at his own home without pair or loss of time from pusiness. This is positively the only treatment which cures without an operation. Dr. Hathaway calls the particular attention of sufferers from Varicocele and Stricture to pages 27, 28, 29, 30 and 31 of his new book Every case taken by Dr. Hathaway is specially treated according to its nature, all under his gen eral personal supervision, and all remedies used by him are prepared from the purest and best drugs in his own laboratories under his personal oversight Dr. Hathaway makes no charge for consu. a tion or advice, either at his office or by mail, and when a case is taken the one low fee covers all gost of medicines and professional services. Dr. Hathaway always prefers, when it is possible, to have his patients call on him for at least one interview, but this is not essential, as he has quired scores of thousands of patients in all sections of the world whom he has never seen. His System of Home Treatment is so perfected that he can bring about a cure as surely and speedily as though the patient called daily at his office.
